I think it's great. I'll update language to include that line. Thanks Tim!

Samantha and Mike,

I wanted to run a communications "thought" by you.

This sentence is important because it is first and gets used a lot:

Ex. 5 Deliberative Process (DP)

I like this sentence OK and especially reference to transparency.

My suggested alternative is to up the ante a bit to include empowerment.

Ex. 5 Deliberative Process (DP)

Maybe it is too ambitious but thought I'd run it by you.

Tim

Mike – I made those changes, and added the UCMR disclaimer we worked on last week, in the attached. It also includes my edits to other language. There were a few questions/comments I couldn't address myself, like language on what else is being added to the Places of Interest tab. Please take a look!

Edited the text a bit. Includes edits to the black text as well.

Hi Sam – this is the opening caveat for the PFAS beta tool as it stands now. I wanted to offer some suggested changes. I'm sure you can probably wordsmith it better than I did. - Mike
